

How to Add an Integration to a Lightbox

Last Modified on 06/24/2026 11:28 am EDT

You can add as many integrations as you like to your lightbox. Just follow these steps.

Step 1

Log into Digioh, and select the lightbox you want to add an integration to.

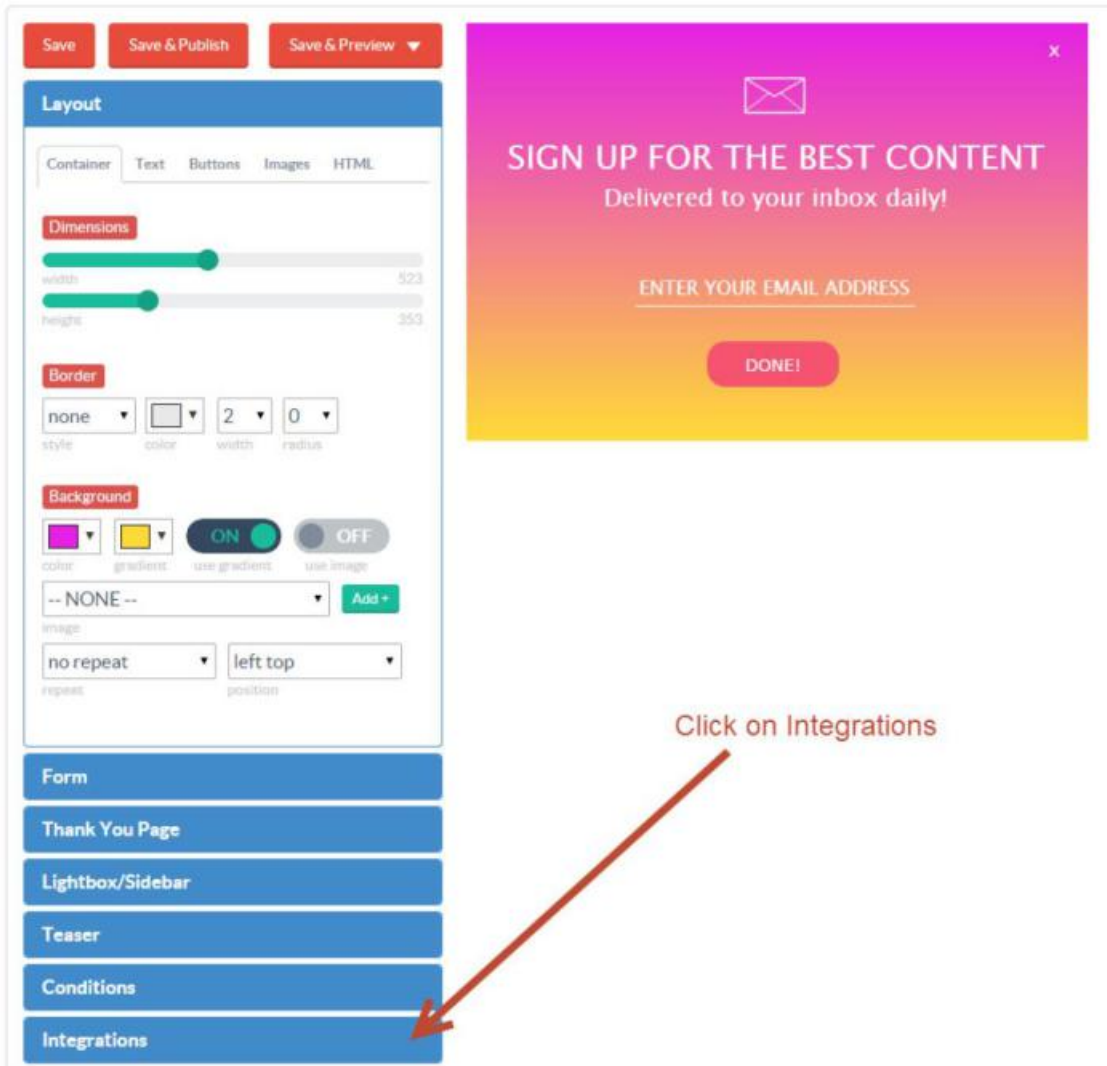

The screenshot shows the Digioh web application interface. At the top left is the Digioh logo. Below it is a navigation bar with tabs for 'Lightboxes', 'Analytics', 'Files', 'Rules', 'Conditions', and 'Integrations'. The 'Integrations' tab is currently selected. In the top right corner, the user's name 'Mike Kurz' is displayed with a dropdown arrow. The main content area is titled 'List Lightboxes' and contains a green button labeled 'Create a New Lightbox' and a red text prompt: 'Click on the lightbox you'd like to edit.' Below this is a table listing various lightboxes.
