Digioh BigCommerce integration

Last Modified on 06/10/2026 11:02 pm EDT

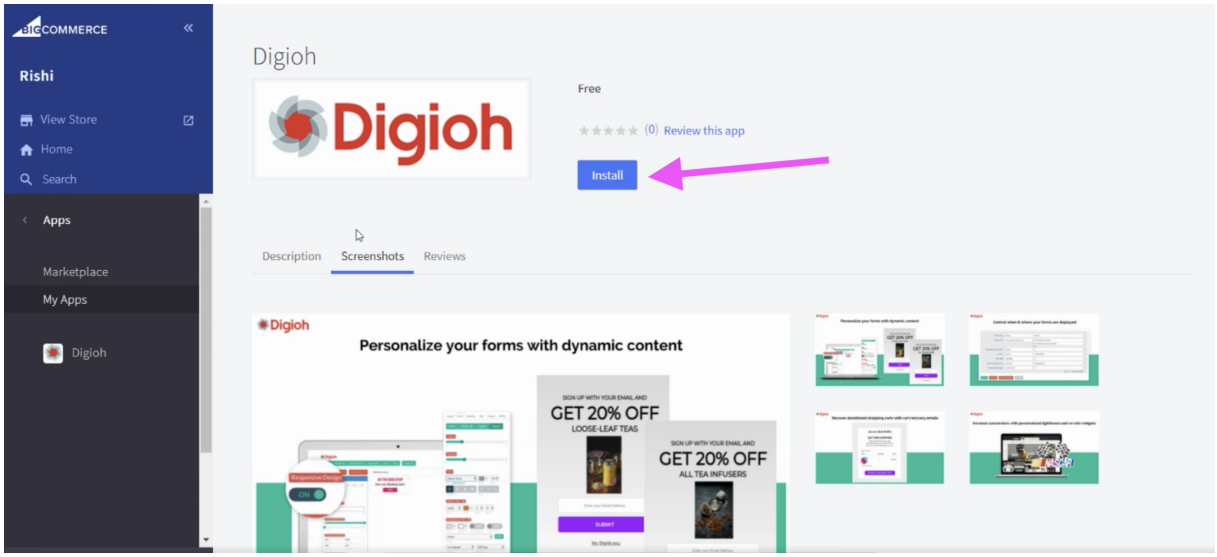

What You'll Learn in This Article

- Install the Digioh extension from the BigCommerce Marketplace
- Grant necessary permissions to connect Digioh to your store
- Enter your vendor key and inject the tracking script
- Enable Digioh to start capturing emails and cart data on BigCommerce

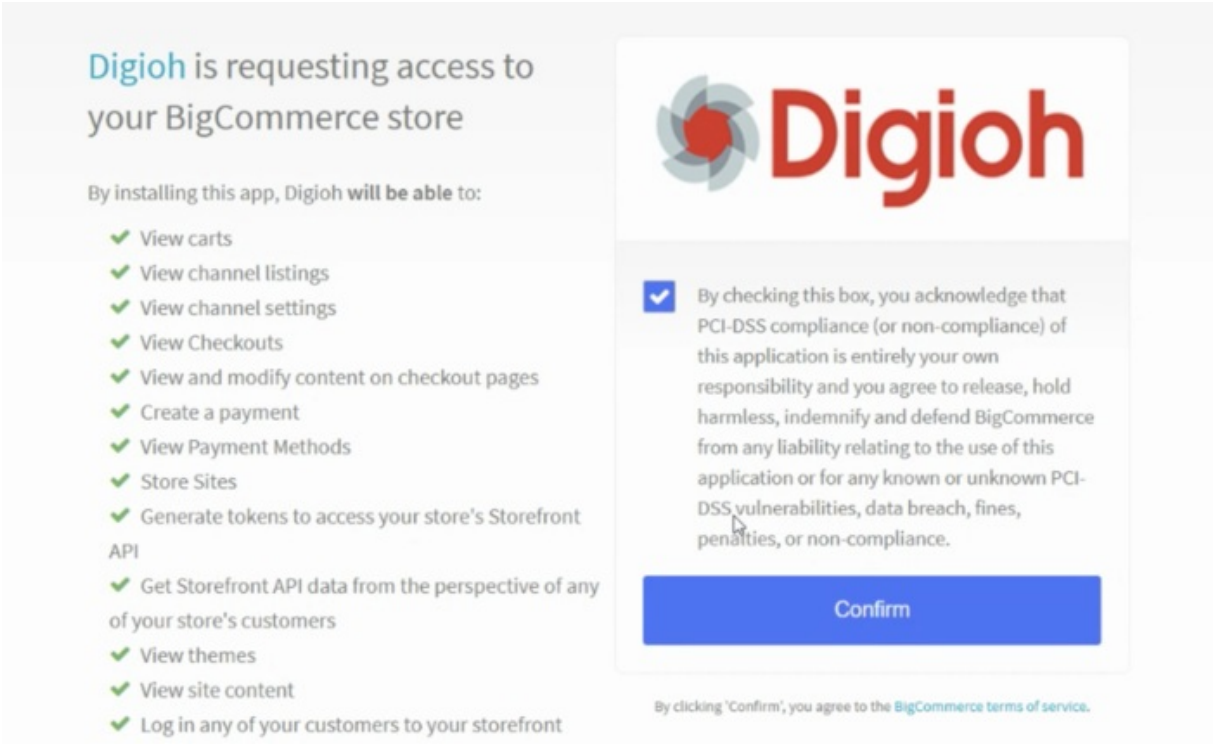

Digioh's BigCommerce integration helps sites capture emails and recover abandoned carts. Drag and drop to create personalized forms, quizzes/surveys, and landing pages integrated with your ESP, CRM, and analytics systems.

Follow these steps to add our BigCommerce Extension:

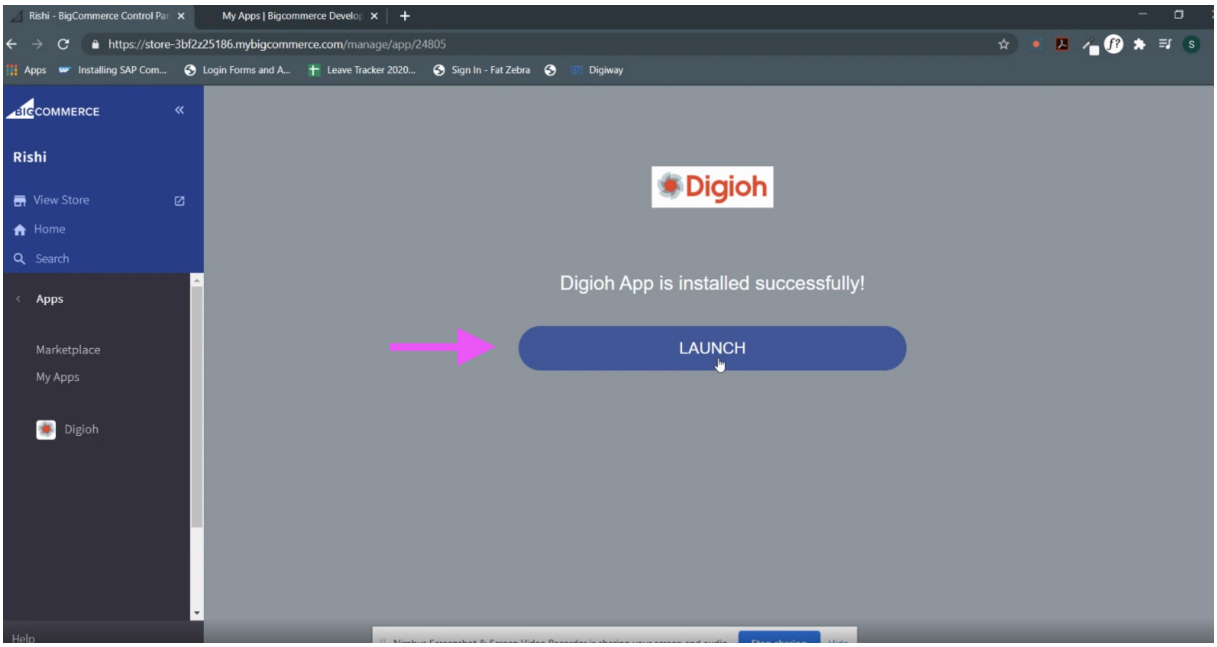

1. Click "Install" on our BigCommerce Marketplace listing:

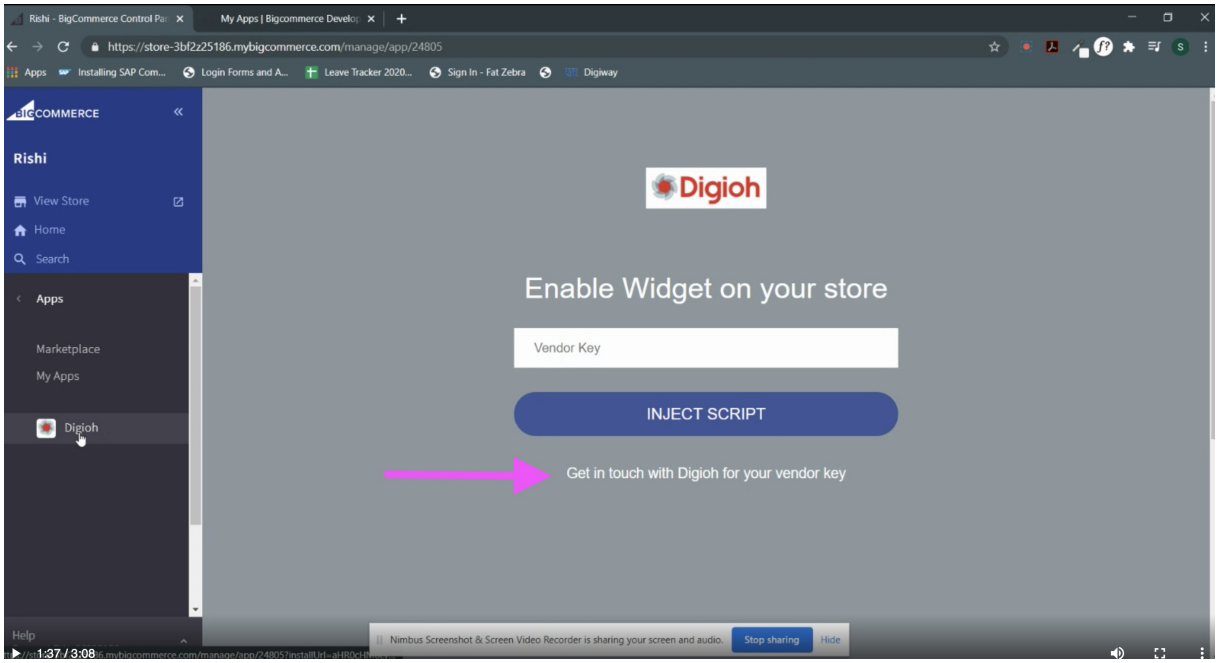

2. Grant Digioh access to your BigCommerce store. Click "Confirm."

3. Click "Launch."

4. Contact us to get your vendor key and enter it in the "Vendor Key" field, then click "Inject Script."

5. Digioh is now enabled on your store!
