

# How To Integrate With CleverReach

Last Modified on 06/24/2026 11:52 am EDT

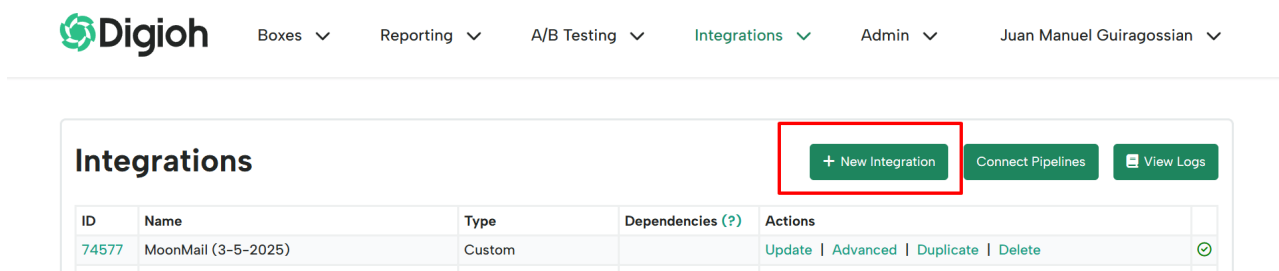

Follow these instructions to [integrate your Digioh forms with CleverReach](#).

First, select the Integrations tab.

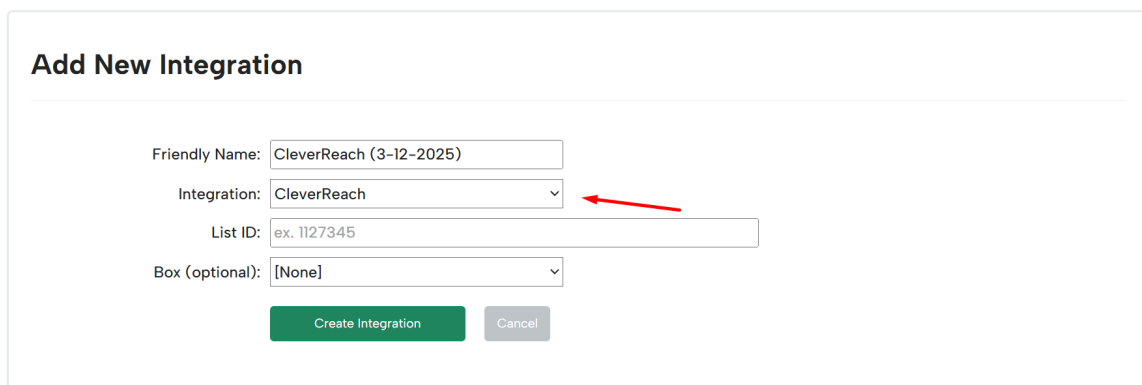

The screenshot shows the Digioh dashboard with the 'Integrations' menu open. The menu options are 'New Integration', 'Current Integrations', and 'Integration Pipelines'. The 'Current Integrations' option is highlighted. Below the menu, there are buttons for 'Create New Box', 'Create New Quiz', and 'Publish All'. The 'Current Boxes' section shows a table with one entry: 'PDF Test' with ID# 269783, 12 impressions, and 'Not Published' status. A red notification says 'There have been changes since your last publish. Publish All'.

Create a new integration.

The screenshot shows the Digioh dashboard with the 'Integrations' tab selected. A red box highlights the '+ New Integration' button. Below the button is a table with one entry: 'MoonMail (3-5-2025)' with ID 74577, Type 'Custom', and Actions 'Update | Advanced | Duplicate | Delete'.

Select CleverReach from the integration dropdown and give the integration a name. You can also set a list ID if you'd like, but this isn't required.

The screenshot shows the 'Add New Integration' form. The fields are: 'Friendly Name' (CleverReach (3-12-2025)), 'Integration' (CleverReach), 'List ID' (ex. 1127345), and 'Box (optional)' ([None]). A red arrow points to the 'Integration' dropdown menu. There are 'Create Integration' and 'Cancel' buttons at the bottom.

On the next page, you'll be prompted to create a CleverReach account or log in with an existing account.

Simply transmit Digioh data  
and get started with CleverReach® for free:

[Create and connect your CleverReach® account now!](#)

[Log in with my existing CleverReach® account and connect](#)

Digioh requires access to your CleverReach® account ⓘ

For a successful connection, a CleverReach® account will automatically be created and all data transmitted for the registration. You can use the free account if we are allowed to send you regular account reports, news & product information via email. CleverReach® will use your data exclusively for the aforementioned purpose and will not share it with third parties. You can unsubscribe at any time from our emails or object to the storage of your data by email to [info@cleverreach.com](mailto:info@cleverreach.com) and delete your data at any time, provided that the deletion does not conflict with any legal storage obligations. By submitting your data you agree to the data processing and confirm our privacy policy. CleverReach® does not assume any liability or responsibility for the use of apps of third parties.

[Use other data for the creation of an account](#)

Once connected, you may want to add additional fields. On the integration page, click Fields for the CleverReach integration you just created.

ID	Name	Type	Dependencies (?)	Actions	
74661	CleverReach (3-12-2025)	CleverReach		Auth   <b>Fields</b>   Rename   Duplicate   Delete	✖
74577	MoonMail (3-5-2025)	Custom		Update   Advanced   Duplicate   Delete	✔

The email, source, first name, and last name fields are set up by default. Add additional fields to the payload as needed.

### CleverReach Fields

List ID:

Raw Data to Send (merge variables will be replaced)

```
{ "email": "[EMAIL]", "source": "Digioh", "global_attributes": { "firstname": "[FIRST_NAME]", "lastname": "[LAST_NAME]" } }
```

[Save](#) [Cancel](#)

Once the fields are set up, your integration is ready. Add it to any widget from the Campaigns page, or within the editor.
