

# Copy Design Settings from Another Element

Last Modified on 06/25/2026 9:06 am EDT

## What you'll learn

- Copy styles between elements
- Apply changes with one click

The design editor gives you a ton of flexibility when designing buttons, text elements, images and even HTML blocks. Each element has its own settings letting you customize the look and feel. You can also copy those styles between the same type of element with a few clicks.

You can copy design settings between buttons, text fields, images and HTML blocks.

To copy the design settings, click on the element you want to change.

In this example, if we click on **Text1** we can see the font face is Roboto Slab, the size is 34px and the color is purple.

Text2 has the font face Work Sans, size 18px and color black.

Click on T2 "Let's find the perfect product for you" and go to the "Copy Design Settings from" section.

Choose the page and text field you want to copy design settings from and hit the Copy button.

A dialog box titled "Copy Design Settings From". It contains two dropdown menus: "SELECT PAGE" with "Main Page" selected, and "SELECT TEXT" with "Text 1" selected. To the right of these menus is a green button labeled "Copy" with a document icon.

A warning will appear to let you know that this will overwrite your current settings and refresh the page.

A warning dialog box with a light green background. The title is "account.digioh.com says". The text inside reads: "This will overwrite all your existing settings for the current element. Note, this also results in a page save and reload, so make sure you are ok with saving any other pending changes before you proceed with this. Continue?". At the bottom right are two buttons: "OK" (green) and "Cancel" (light green).

Hit "Okay" and your changes will be applied.

A sidebar for a text editor. It has three sections: "Text Basics" with an "ENTER TEXT" field and a placeholder "Answer these quick questions to uncover your unique home deco preferences!"; "Text Styles" with options for Font Family (Roboto Slab), Color (purple), Font Size (34), Line Height (48), and Font Style (B, I, U, TT); and "Copy Design Settings From" with "Main Page" and "Text 1" selected and a "Copy" button.

A blue banner for a quiz. The text reads: "Find Your Perfect Seat!" in purple, followed by "Answer these quick questions to uncover your unique home deco preferences!" in a larger purple font. At the bottom is a dark blue button labeled "Start the quiz".
