How do I copy my design settings to other pages?

Last Modified on 06/10/2026 11:06 pm EDT

What you'll learn

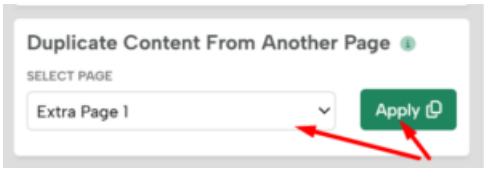

- Duplicate content easily
- Navigate the Layout tab

In the campaign editor, go to the page that you want to copy to. Click the Layout Tab.

Scroll down to the "Duplicate Content From Another Page" Section.

Select the page you want to copy from and hit the "Apply" button.
