How to Restore an Older Campaign Design

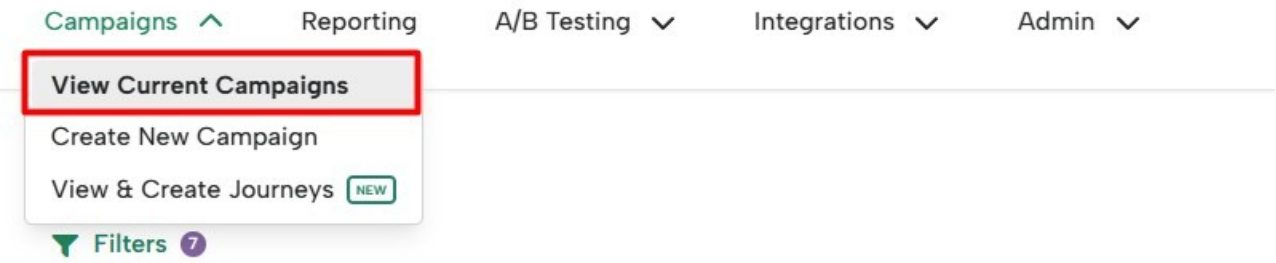

Last Modified on 06/10/2026 11:06 pm EDT

What You'll Learn in This Article:

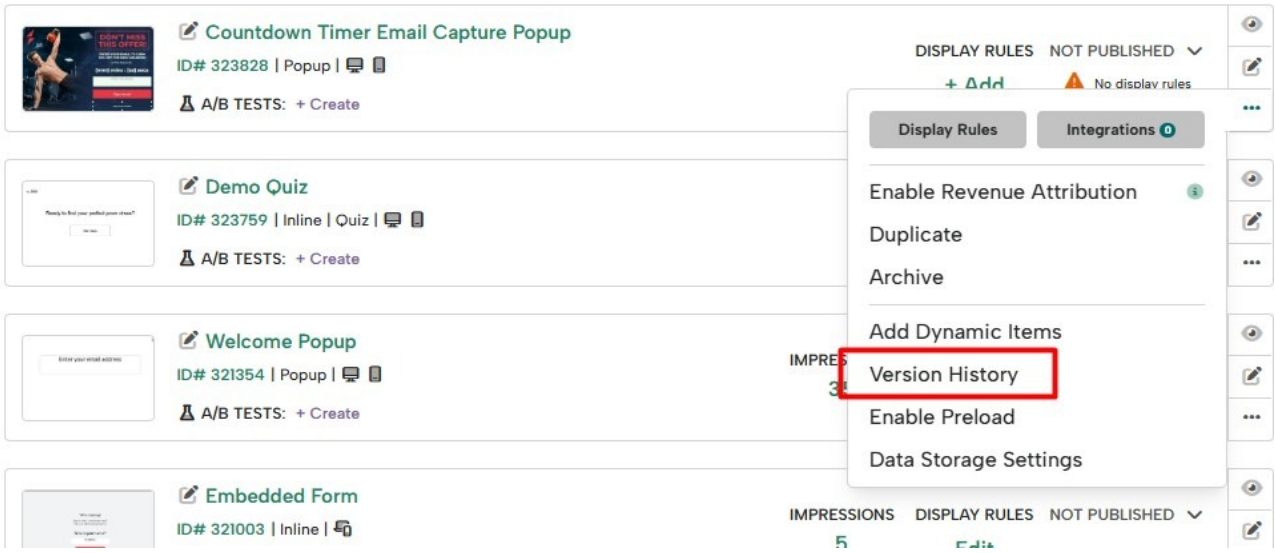

- How to restore an older version of your campaign.
- How to switch between different versions of your campaign.

To revert to older versions of your campaign, follow these steps:

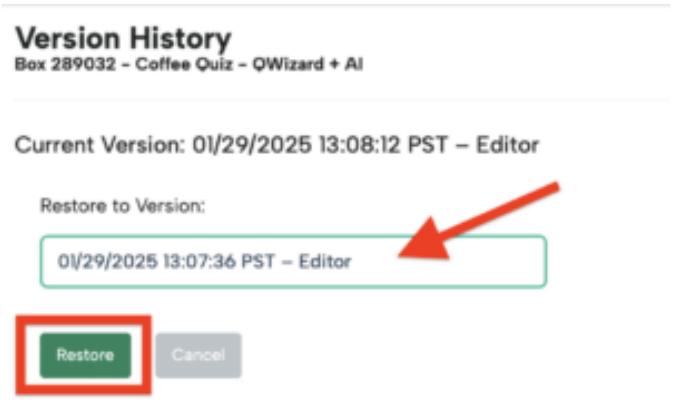

Step 1: Hover over the **Boxes** tab and click on **View Current Campaigns**.

Step 2: Find the campaign you need, hover over the three dot menu, and click on **Version History**.

Step 3: You will find the different versions of your campaign. Select the one you need and click on **Restore**.

You'll see the restored version of your lightbox.

NOTE: Please keep in mind that you will also restore the older **Conditions**.

This feature does not currently restore Campaign Sort Order, Dynamic Items, or Integrations assigned to a particular campaign. To restore these to your campaign, you must reset them manually.
